Sterility:

Sterile

Disposition After Initial Use:

Disposable

End Type:

Corrugated

End Diameter:

15.0 millimeters

Product Name:

Heat&moisture exchange humidification plas t-shp15mm ster disp50

Special Features:

Designed to provide spontaneously breathing tracheostomize patient

Material:

Plastic

Shape:

T

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T117-a
