Overall Length:

9.000 inches

Overall Height:

9.000 inches

Overall Width:

7.000 inches

Current Type:

Ac/dc

Portability:

Portable

Product Name:

Pump iv infusion volumetric infuser sys one or two channel

Voltage In Volts:

110.0 and 8.0

Special Features:

Volumetric infuser system; one or two 0.1-99.9 ml/hr micro infusion rate; 1-999 ml/hr macro infusion rate; 0.1-999 ml micro vtbi; 1-9999 macro vtbi, secondary infusions, -2-10 psig operating backpressure range, concurrent delivery secondary mode, distal and proximal occlusion alarms; distal and proximal air-in-line alarms; nurse call system; / orderquantity type 1 to 49

Frequency In Hertz:

50.0 and 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
