**Overall Length:**

9.000 inches

**Overall Height:**

9.000 inches

**Overall Width:**

7.000 inches

**Current Type:**

Ac/dc

**Portability:**

Portable

**Product Name:**

Pump iv infusion volumetric infuser sys one or two channel

**Voltage In Volts:**

110.0 and 8.0

**Special Features:**

Volumetric infuser system; one or two 0.1-99.9 ml/hr micro infusion rate; 1-999 ml/hr macro infusion rate; 0.1-999 ml micro vtbi; 1-9999 macro vtbi, secondary infusions, -2-10 psig operating backpressure range, concurrent delivery secondary mode, distal and proximal occlusion alarms; distal and proximal air-in-line alarms; nurse call system; / orderquantity type 1 to 49

**Frequency In Hertz:**

50.0 and 60.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-f
