**Overall Length:**

12.200 inches

**Overall Height:**

13.750 inches

**Overall Width:**

7.500 inches

**Current Type:**

Ac/dc

**Portability:**

Portable

**Product Name:**

Pump iv infusion micro/macro infuser device three channel

**Voltage In Volts:**

115.0 and 8.0

**Special Features:**

Micro/macro infuser device; three channel. Micro/macro 0.1-999 ml/hr flow rate range, free-flow protection, kvo 1.0 ml/hr or less, lockout switch, air-in-line, check settings, door, cassette, locked, low battery, occlusion, turn to run and vtbi complete alarms

**Frequency In Hertz:**

50.0 and 60.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-f
