Overall Length:

8.750 inches

Overall Height:

8.250 inches

Overall Width:

7.500 inches

Current Type:

Ac/dc

Portability:

Portable

Product Name:

Pump iv infusion micro/macro infuser device two channel

Voltage In Volts:

115.0 and 8.0

Special Features:

Micro/macro infuser device; two channel, micro/macro 0.1-999 ml/hr flow rate range, free-flow protection, titration, kvo 1.0 ml/hr or less, lockout switchm air-in-line, check settings, door, locked, low battery, occlusion, turn-to-run and vtbi complete alarms

Frequency In Hertz:

50.0 and 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
