Unit Package Quantity:

12

Design Designation:

Wheeler

Balloon Capacity:

30.0 cubic centimeters

Tip Type:

Open end

Diameter:

22.000 french

Material And Location:

Rubber, latex

Special Features:

Lubricious coated, short length, red latex, round tip with a single, extra-large eye, extra heavy red radiopaque latex for added catheter stiffness

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
