Accessory Components And Quantity:

Each 4700 system includes: oximeter, pulse rate, ecg, temperature or respiration monitor, p/n 4700, 1 ea; ecg interface cable unshielded, p/n 5081, 1 ea; ecg lead wires with metal clips (set of 3), p/n 5063, 1 ea; temperature breakout/oximeter interface cable, p/n 6082, 1 ea; temperature interface cable, p/n 6080, 1 ea; probe, temperature, general purpose, p/n 6081, 1 ea; small/medium spo2 sensor, p/n 4060, 1 ea; universal "c" spo2 sensor, p/n 4065, 1 ea; anal/esophageal reflectance spo2 sensor, p/n 4053, 1 ea; respiration sensor, p/n 4075, 1 ea; operation and service manual, p/n 4003, ea; inservice video, p/n 4011, 1 ea

Product Name:

Monitor patient vital sign pulse oximeter 115v 60hz

Exterior Container Weight:

12.00 pounds

Special Features:

Pulse oximeter, temperature or respiration, 115 volt, 60 hz, provides comprehensive non-invasive monitoring of spO2, heart rate, and temperature or respiration with simultaneous pulse and ecg waveforms, unit q type 1 ea

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
