Frequency Rating:

400.0 kilohertz

Installation Design:

Portable

Voltage Rating:

230.0 volts

Special Features:

The force-fx system shall consist of the following parts: (1) force-fx-c generator, (1) e6008, footswitch, (1) e6009, footswitch, (1) e2515h, pencil, (1) e1550, ball electrode, (1) e14506 blade, (1) e1452 needle, (1) e050212, adapter, (1) e0560, clamp/cord assembly, and (1) e7509, cord; user must specify voltage required either 110/60 or 220/50

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-e
