Tip Diameter:

3.0 millimeters

Overall Length:

145.0 centimeters

Overall Diameter:

0.038 inches

Tip Type:

Curved

Disposition After Initial Use:

Disposable

Material And Location:

Steel, corrosion resisting

Special Features:

Polytetrafluoroethylene coated, heparinized, 3 mm radius curved tip, 5 cm handle on movable core; tefcore provides smooth advancement or withdrawal of the movable core; sterile in peel-open package

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-g
