#### Thread Length:

16.0 millimeters

#### Material And Location:

Steel, corrosion resisting

### Outside Thread Diameter:

7.3 millimeters

#### **Thread Pitch In Millimeters:**

2.75

#### Product Name:

Screw bone crs 7.3mm o/s thread diameter 125mm Ig self-tap self drill

#### **Special Features:**

7.3mm cannulated, 125mm long; w/large hexagonal socket (4.0mm width across flats); self-tapping, self-drilling

#### Shelf Life:

N/a

#### Unit Of Measure:

## --

Demilitarization:

No

### Fiig:

T133-m
