Thread Length:

16.0 millimeters

Material And Location:

Steel, corrosion resisting

Outside Thread Diameter:

7.3 millimeters

Thread Pitch In Millimeters:

2.75

Product Name:

Screw bone crs 7.3mm o/s thread diameter 120mm lg eslf-tap self drill

Special Features:

7.3mm cannulated; 120mm long; w/large hexagonal socket (4.0mm width across flats); self-drilling, self-tapping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
