## Thread Length:

16.0 millimeters

#### Material And Location:

Steel, corrosion resisting

## Outside Thread Diameter:

7.3 millimeters

## **Thread Pitch In Millimeters:**

2.75

## Product Name:

Screw bone crs 7.3mm o/s thread dia, 35mm lg self-tap self-drill

## **Special Features:**

7.3 mm cannulated; 35 mm long; w/large hexagonal socket (4.0mm width across flats); self-drilling, self-tapping

## Shelf Life:

N/a

#### Unit Of Measure:

--

#### Demilitarization:

No

#### Fiig:

T133-m
