**Termination Type:**

Lug terminal w/mounting hole both ends all conductors

**Conductor Form:**

Stranded all conductors

**Product Name:**

Jumper assembly, electric, bonding and current return

**Round Conductor Size:**

10 awg all conductors

**Material:**

Aluminum 1st position tube

**Test Data Document:**

96906-ms25083 standard (includes industry or association standards, individual manufactureer standards, etc.).

**Specification Data:**

96906-ms25083 government standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
