Termination Type:
Lug terminal w/mounting hole both ends all conductors
Conductor Form:
Stranded all conductors
Product Name:
Jumper assembly, electric, bonding and current return
Round Conductor Size:
10 awg all conductors
Material:
Aluminum 1st position tube
Test Data Document:
96906-ms25083 standard (includes industry or association standards, individual manufactureer standards, etc.).
Specification Data:
96906-ms25083 government standard
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A077a0
