Termination Type:

Lug terminal w/mounting hole both ends all conductors

Conductor Form:

Stranded all conductors

Product Name:

Jumper assembly, electric, bonding and current return

Round Conductor Size:

10 awg all conductors

Material:

Aluminum 1st position tube

Test Data Document:

96906-ms25083 standard (includes industry or association standards, individual manufactureer standards, etc.).

Specification Data:

96906-ms25083 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
