### Thread Length:

16.0 millimeters

### Material And Location:

Steel, corrosion resisting

## Outside Thread Diameter:

7.3 millimeters

## **Thread Pitch In Millimeters:**

2.75

### Product Name:

Screw bone 7.3mm o/s thread diameter 75mm lg self-tap self-drill

### **Special Features:**

7.3mm cannulated screw; 75mm long; w/hexagonal socket (4.0mm width across flats); self-tapping, self-drilling

## Shelf Life:

N/a

#### Unit Of Measure:

--

#### Demilitarization:

No

#### Fiig:

T133-m
