#### Thread Length:

16.0 millimeters

#### Material And Location:

Steel, corrosion resisting

### Outside Thread Diameter:

7.3 millimeters

#### **Thread Pitch In Millimeters:**

2.75

#### Product Name:

Screw bone crs 7.3mm o/s thread diameter 60mm Ig self-tap self-drill

#### **Special Features:**

Cannulated; 60mm long; w/large hexagonal socket (4.0mm width across flats); self-drilling, self-tapping

#### Shelf Life:

N/a

#### Unit Of Measure:

# Demilitarization:

No

---

## Fiig:

T133-m
