Overall Length:

12.000 inches

Scale Type:

Black ink fused in yellow glass tube

Actuating Medium:

Mercury

Scale Measurement Range:

-30.000/+120.000 degrees fahrenheit

Product Name:

Thermometer self-indicating black ink -30to120deg f 12in mercury

Material:

Glass protective tube

Style Designator:

Immersion ring top

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
