**Maximum Discharge Flow Rate:**

0.6 liters per minute

**Operation Method:**

Powered

**Product Name:**

Psi-tec syringe infiltration pump

**Special Features:**

Precise, volumetric fluid monitoring; convenient, pole-mounted design; includes 1 psi-tec syringe pump, 1 foot pedal, 1 power source tubing, 10 syringe infiltration tubing; media for which designed: liquid; used for irrigation (infiltration) during liposuction

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A52900
