**Sterility:**

Sterile

**Disposition After Initial Use:**

Disposable

**End Length:**

144.000 inches

**End Diameter:**

6.0 millimeters

**Product Name:**

Tube connecting surg apparatus plas str 144"lg 6mm end diameter 20s

**Special Features:**

Sure-grip molded connectors; non-conductive; striated walls; coil memory; clear; steri-guard individually double packaged

**Material:**

Plastic, polyvinyl chloride

**Shape:**

Straight

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T117-a
