Sterility:

Sterile

Disposition After Initial Use:

Disposable

End Length:

144.000 inches

End Diameter:

6.0 millimeters

Product Name:

Tube connecting surg apparatus plas str 144"lg 6mm end diameter 20s

Special Features:

Sure-grip molded connectors; non-conductive; striated walls; coil memory; clear; steri-guard individually double packaged

Material:

Plastic, polyvinyl chloride

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T117-a
