Overall Length:

5.100 inches

Overall Height:

6.600 inches

Overall Width:

8.200 inches

Portability:

Portable

Voltage In Volts:

120.0 and 28.0

Special Features:

Opt spO2: pulse oximetry option, nelcore oxygen c-lock plus sensors; waveform and pulse amplitude meter, pulse tone, pitch indicator; normal, fast, slow modes; saturation range, pulse rate measurement range and accuracy; adult, child and neonatal modes; electro surgery interference suppression all channels; measures ecg; noninvasive/invasive blood pressures; temperature

Frequency In Hertz:

50.0 or 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-f
