Design Designation:

Arthroscopic

Material And Location:

Steel, corrosion resisting cannula

Features Provided:

Luer lock safety device and obturator

Cannula Quantity:

1

Cannula Length:

2.755 inches

Cannula Diameter:

3.2 millimeters

Product Name:

Cannula arthroscopic crs 2.755" lg 3.2mm diameter inflow w/stopcock

Special Features:

Cannula with stopcock; sharp obturator; luer lock

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-e
