Peritoneal Dialysis Catheter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-499-7407

Design Designation:
Peritoneal
Тір Туре:
Open end
Diameter:
2.5 millimeters
Material And Location:
Silicone rubber
Special Features:
Barium impregnated silicon elastomer; non pyrogenic; double pouch; open end anti-blok ventricular catheter; electrosensitive device;
single use; steam sterilization recommended; for neurosurgical shunting of cereberal spinal fluid
Style Designator:
Peritoneal dialysis
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A22100
