Electronic Nerve Stimulation Electrode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-500-9525

Overall Length:
3.750 inches
Overall Width:
1.750 inches
End Application:
6515-01-500-9924
Tip Type:
Flat
Material And Location:
Steel, carbon liner and cloth back
Product Name:
Electrode electronic nerve stimulation ploys 1.75"x 3.75" 4s
Special Features:
Aggressive adhesive, long life and conformity. Has 4 mil. Carbon film lining with fabric backing. Pigtail pin is (.080inches). Reusable.
Supplementary Features:
Pigtail pin .080 inches
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
