View Online at https://aerobasegroup.com/nsn/6515-01-500-9589

Unit Package Quantity:
1
Design Designation:
Endobronchial
Tip Type:
Angular
Diameter:
39.000 french
Material And Location:
Plastic
Features Provided:
Flexible
Product Name:
Tube endobronchial d6a 39 fr flexible angular tip rt angle
Special Features:
Right angle; enhanced sight; blue radiopaque marking to end of tube; engineered for safety; large double lumens; carlens; 15mm
conn/air adapter; 39french size; if the subject item has been in climate controlled environment for over 60 monthes and has not been
utilized, then it's time for disposal
Style Designator:
Endobronchial
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A22100
