Overall Length:

60.000 centimeters

Usage Design:

For large stone fragments in kidney

Design Designation:

Storz

Unit Type:

Tenaculum

Shank Type:

Rigid

Features Provided:

Rigid shaft

Product Name:

Forceps grasping tenaculum 60cm lg double action 4fr crs rigid

Special Features:

Double action, 4 fr

Material And Location:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51710
