Casehardening Indicator:

Not casehardened

Thread Length:

50.0 millimeters

Material And Location:

Titanium

Outside Thread Diameter:

3.5 millimeters

Product Name:

Screw 3.5mm starlock 50mm lentg (thr/collar) spinal ti

Special Features:

Canc starlock; total length 50mm (includes thread and collar); cervifix implant system/spinal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
