Casehardening Indicator:

Not casehardened

Thread Length:

34.0 millimeters

Material And Location:

Titanium

Outside Thread Diameter:

3.5 millimeters

Product Name:

Screw 3.5mm ti cortex starlock 34mm length

Special Features:

Starlock; total length 34mm (includes thread and collar); cortex; for spinal implant surgery

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-m
