Overall Length:

24.000 inches

Overall Width:

18.000 inches

Overall Thickness:

3.2 millimeters

Design Designation:

Immobilization

Product Name:

Instant bonding solid splinting material

Special Features:

Aquaplast; 3.2mmx18x24 inch; white; 100 per cent memory; translucent when soft; coated; sheet material; each

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
