**Design Designation:**

Tracheal

**Shaft Eye Quantity:**

1

**Tip Type:**

Whistle

**Connector Type:**

Finger valve

**Core Fabrication Method:**

Not woven

**Diameter:**

18.000 french

**Material And Location:**

Plastic

**Product Name:**

Catheter & conn suct trach e14 18 fr whistle tip 2 eyes mas 5s

**Special Features:**

2 eyes max; clear pliable, tube, 1-1/2 in. (4 cm) lg; will fit various size tubing and pass through all types of tracheal tubes and airways; used with tracheal anesthesia set, nsn 6515-00-299-8687; for aspiration during anesthesia; in individually sealed waterproof container; 5 per pg

**Style Designator:**

Tracheal tube, connector and elbow

**Supplementary Features:**

THIS-NS-NIS-NOTP

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22100
