Overall Length:

9.250 inches

Overall Height:

12.250 inches

Overall Width:

15.500 inches

Voltage In Volts And Current Type:

230.0 ac

Product Name:

Agitator blood platelet storage

Special Features:

Maintains constant agitation of platelets to minimize clumping and maximize therapeutic effect

General Description:

Galvanized steel w/bacteria resistant coating; perforated nonslip drawers; maximum storage 15 bags; 5 to 10 apheresis bags; 5 stationary drawers; single fan forced air cooling; w/built in motion alarm; adjustable volume; 115/230 vac, 50/60 hz; compatible w/pc100i, pc100h incubators

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
