**Overall Length:**

230.0 centimeters

**Usage Design:**

Used endoscopically to obtain gastrointestinal tissue samples

**Design Designation:**

Endoscopic biopsy

**Unit Type:**

Intestinal

**Shank Type:**

Round

**Features Provided:**

Sterile and disposable

**Special Features:**

Cup diameter 2.5 mm; non-spiked; accessory channel 2.8 mm

**Material And Location:**

Stainless steel one end

**Shape:**

Cup

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A51710
