Overall Length:

13.500 inches

Overall Height:

12.000 inches

Overall Width:

10.000 inches

Current Rating:

11.700 amperes and 7.200 amperes

Product Name:

Temperature management unit

Special Features:

Forced air warming system used with the bair hugger 241 fluid warming system; hose and temperature sensing and microprocessor control for air temperature delivery; 3 temperature sensor; 0.2um filter; 110-120 vac, 50/60 hz.; 220-240 vac, 50/60 hz

Type/model Designation:

750

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
