**Overall Length:**

160.000 centimeters

**Design Designation:**

Endoscopic biopsy

**Unit Type:**

Intestinal

**Jaw Type:**

Cupped

**Special Features:**

Disposable oval w/ spike biopsy forceps; sterile; sheath diameter 2.3mm; polytetrafluoroethylene; ssteel flushing port for adequate purging of inner catheter; for colonoscopy/egd procedures

**Material And Location:**

Stainless steel blade

**Shape:**

Cupped

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51710
