Overall Length:

230.000 centimeters

Design Designation:

Endoscopic biopsy

Unit Type:

Intestinal

Jaw Type:

Cupped

Special Features:

Reusable biopsy forceps; polytetrafluoroethylene coated; ssteel flushing port; sheath diameter 2.3mm; for colonoscopy/egd procedures

Material And Location:

Stainless steel blade

Shape:

Cupped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
