Overall Length:

230.000 centimeters

Design Designation:

Endoscopic biopsy

Unit Type:

Intestinal

Jaw Type:

Cupped

Special Features:

Hot oval cup w/o spike; disposable biopsy forceps; w/handle; jaw diameter 2..2mm; olympus active connector cord; polytetrafluoroethylene

Material And Location:

Stainless steel blade

Shape:

Cupped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
