Specific Use:

Hand surgery

Design Designation:

Arthroscopic

Grip Type:

Finger ring

Design Form:

Straight

Jaw Type:

Serrated straight

Jaw Grasping Method:

Serrated

Special Features:

Blunt straight tip grasper; straight shaft w/nonratcheting handle and hardened steel tip; meniscectomy hand arthroscopic surgical instrument for resection

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-d
