Casehardening Indicator:

Not casehardened

Thread Length:

40.0 millimeters

Overall Length:

60.0 millimeters

Material And Location:

Titanium

Outside Thread Diameter:

6.5 millimeters

Product Name:

Cannulated cancellous screw

Special Features:

Self-reaming, self-tapping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
