Cardiovascular Catheter - Page 1 of 1

Identification Code Color:

Orange Inside Diameter:

0.081 inches

Unit Package Quantity:

1

Design Designation:

Right coronary

Core Fabrication Method:

Not woven

Features Provided:

Sterile

Product Name:

Coronary guide catheter

Special Features:

Curve style, ar1.0

Style Designator:

Femoral-left coronary a

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A22100
