Cardiac Patient Simulator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-547-3818

Overall Length:
7.500 inches
Overall Height:
2.000 inches
Overall Width:
7.250 inches
Special Features:
Ecg simulation/12-lead independent outputs; 43arrhythmia selections; four invasive bp channels including swan-ganz; respiration and
temperature simulation; bp synchronization w/ecg; 4-line by 20-character super twist display; r-wave detection test; two 9 v battery
operation; rs-232 port for computer control; universal ecg connectors; high level ecg output
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A23900
