NSN 6515-01-551-0853

Defibrillator And Pacem Analyzer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-551-0853

Special Features:

Monophasic and biphasic dc energy, cardio conversion, peak voltage, peak current, overshoot, charge time, amplitude, rate and pulse width measurements; 5-lead ecg simulation; ecg normal, performance and arrythmia simulation; 2-line x 24 character display; bidirectional rs-232 port; 28 user-programmable autosequencins; storage and playback of waveforms; sensed and paced refractory period tests; built-in pacemaker test load of 50 ohm; external pacemaker test loads of 50-1500 ohms with plug-in load adapter
