End Application:

Surgical equipment

Material And Location:

Plastic housing

Features Provided:

Reusable and dual-controlled operation method

Product Name:

Surgical irrigation pump

Special Features:

Ahto irrigation pump; max flow rate 4 liters/min; up and down toggle buttons for flow control; toggle button with battery icon to indicate battery level; extended battery life; self priming

Special Test Features:

110v outlet/domestic; 220v outlet/international

Supplementary Features:

7.5inch h; 6inch w; 3.75inch d; low flow 2l/min; med 3l/min; hi 4l/min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-a
