Thread Length:

28.0 millimeters

Outside Thread Diameter:

Between 8.5 millimeters and 10.0 millimeters

Product Name:

Round delta tapered bio-interference screw

Special Features:

Provides increased pull-out strength in soft tissue acl reconstruction procedures; protects graft after insertion; noncrystalline plla; sterile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
