Thread Length:
28.0 millimeters
Outside Thread Diameter:
Between 8.5 millimeters and 10.0 millimeters
Product Name:
Round delta tapered bio-interference screw
Special Features:
Provides increased pull-out strenth in soft tissue acl reconstruction procedures; protects graft after insertion; noncyrstalline plla; sterile
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T133-m
