**Overall Height:**

6.750 inches

**Overall Width:**

8.500 inches

**Current Type:**

Ac/dc

**Portability:**

Portable

**Product Name:**

Monitoring system patient multi parameter

**Voltage In Volts:**

240.0 and 100.0 and 12.0

**Special Features:**

3 or 5 lead ecg; masimo spo2 pulse oximetry; co2 monitoring; temp (range 84.2 to 107.6 degrees f); respiration (0 to 150 brpm); non-invasive blood pressure; lcd display for wave form; audible tone alarm; battery charge time: 3 to 5 hrs, operating time: approx. 3 hrs; operating temp: 32 to 122 degrees f; storage temp: -4 to +140 degrees f

**Frequency In Hertz:**

50.0 and 60.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-f
