Overall Height:

6.750 inches

Overall Width:

8.500 inches

Current Type:

Ac/dc

Portability:

Portable

Product Name:

Monitoring system patient multi parameter

Voltage In Volts:

240.0 and 100.0 and 12.0

Special Features:

3 or 5 lead ecg; masimo spo2 pulse oximetry; co2 monitoring; temp (range 84.2 to 107.6 degrees f); respiration (0 to 150 brpm); non-invasive blood pressure; lcd display for wave form; audible tone alarm; battery charge time: 3 to 5 hrs, operating time: approx. 3 hrs; operating temp: 32 to 122 degrees f; storage temp: -4 to +140 degrees f

Frequency In Hertz:

50.0 and 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-f
