Overall Length:

12.000 inches

Overall Height:

3.000 inches

Overall Width:

10.000 inches

Current Type:

Ac/dc

Universal Medical Device Nomenclature System Code:

17429

Product Name:

Ventilator portable ltv 1000

Special Features:

Uses 120 vac or battery power; includes: pressure control, pressure support, volume control, adjustable flow triggering, nppv, and apnea back-up mode; internal oxygen blending; built-in air compressor; utilizes gas from compressed oxygen cylinders and/or pt lox; internal battery operation time: approx. 55 min; external lithium ion operation time: approx. 3 hrs

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
