Environmental Protection:

Chemical resistant and waterproof and abrasion resistant

End Application:

Barrier protection

Garment Size:

X-large

Garment Closing Method:

Slip-on

Cloth Name:

Knitted

User Designator:

Surgeon and medical personnel

Hand For Which Designed:

Ambidextrous

Cuff Type:

Gauntlet

Product Name:

Surgical glove liners

Special Features:

Ultraviolet resistant, low dielectric constant; supplied in tyvek pouch; increases outer latex glove by 1/2 size; 5 pairs of glove liners per box, four boxes (20 pairs) per case; cut-resistant; size 8 1/2 to 9 x-large

Fiber Material:

Synthetic

Color:

Gray cuff

Material:

Plastic polyethylene

Special Test Features:

Tested on betatec cut and abrasion machine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41000
