Overall Length:

50.0 millimeters

Overall Diameter:

14.0 millimeters

End Application:

General and plastic surgery

Product Name:

Tracheobronchial stent graft

Special Features:

Wallgraft package; stent graft diameter 14mm; stent graft length 50mm; delivery system profile 12f; indications for use-treatment of tracheobronchial strictures produced by malignant neoplasms or in benign strictures after all alternative therapies have been exhausted

Functional Description:

Tracheal prosthesis

Reference Data And Literature:

21 cfr 878.3720

Special Test Features:

Federal law (usa) restricts this device to sale by or on the order of a physician

Supplementary Features:

51 (k) number k021901; regulatory class ii; interior tube of the coaxial system contains a central lumen which will accommodate a 0.035inch guide wire; the delivery system will be available in a single working length of 90cm

General Description:

Wallgraft tracheobronchial endoprosthesis with unistep plus delivery system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
